

PRO-BLEND

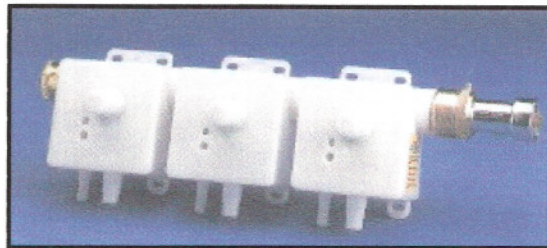

Pro-Blend Bottle Proportioners

- * Just turn the top clockwise to raise or counter-clockwise to lower the regulator.
- * Squeeze the bottle and excess liquid will flow back into the bottle.
- * Open the safety cover and pour out the measured liquid.
- * Eliminates the need for expensive proportioning systems.
- * Reduces product waste and ensures fast easy measuring.
- * Available also for gallon bottles.

Pro-Blend Proportioners

- * Push button operation-locks open for large jobs
- * Accurate dilutions from 1 oz. to 32 oz. concentrate per gallon
- * Simple, practical design for easier maintenance
- * Ratios adjusted by dial setting, no tips to install
- * Infinitely adjustable settings for exact ratio desired
- * Window allows easy viewing of dial setting
- * Hi flow model for pails- low flow model for spray bottles
- * Modular design allows easy addition of units
